## GOAL 1 - Learning to Learn

- First target area- Learning to Learn: Focused on learning strategies, time management, and critical thinking skills.
- We have met this goal.
- Even though we will move to our second goal, teachers will continue with critical thinking skills, etc. but our focus will change.

- GOAL 3: Interpersonal skills
- Next, the focus will be on students working effectively in small and/or differentiated groups.
- This encompasses students learning to manage and evaluate their behavior as a group member and managing disagreement and conflict.
- This goal will be a focus later but we are currently doing some of these things. Some classes have differentiated reading groups and math groups. Also students have STEM project groups.
